

## **Lincoln City Netball Club**

### **Senior Code of Conduct**

#### **Club Aims:**

Lincoln City Netball Club aims to provide top quality netball for 4 ladies squads. We aim to be the first choice club for players of the required standard aged 16 and over in Lincolnshire and surrounding area. The club's long term aim is for the club to have teams in each of National 3, Regional 1, Regional 2 and County 1. This will require several seasons of development, attracting quality new players who move to the area and the development of our own talented youth players.

#### **Season 2017/2018 aims (to be confirmed):**

1<sup>st</sup> team: to finish in the top 4 of regional 1.

2<sup>nd</sup> team: to finish safely and well outside the relegation zone in regional 3.

3<sup>rd</sup> team: to finish in the top 4 of county 1.

4<sup>th</sup> team: to build a solid and sustainable squad and finish in the top half of county 2.

#### **Commitment to the club**

The club expects players to commit to training and match play. Fixtures will be distributed at the start of the season and it is expected that you will let your captain and coach know if you are unavailable for any. Similarly, any on-going queries from captains and coaches as to availability and other matters should be responded to promptly as the club often has deadlines to meet. We appreciate that this is a big commitment but for us to establish and build successful squads such dedication is required.

#### **Kit**

It is expected that all senior players will pay towards a club dress. Where a player does not own a dress each team will be allocated a spare which is to be **hired** out as seen fit. White socks are preferred.

#### **Training subs**

Training fees for this year will be 10 monthly payments of £16 starting on 1st September please mark your payment with correct reference number as the whole club has now gone to paying via bank transfer.

August pay as you go sessions are £4

The club cannot continue to run without prompt payment of subs.

**Match day protocol:**

*Fees:* £5 match fees.

*Preparation:* You must be ready to begin the warm up ½ an hour before the game begins. This means if you need to fuff before a match you must be there **more** than ½ an hour before the start time.

**Training:**

Attendance at training will influence decisions when considering court time for players. If you are unable to train for a genuine reason this will not be held against you but you must let your captain or coach know in advance.

**Match day selections:**

In light of the aims of the club, match day selections will be made to achieve our goals. It is important that all players understand that it is possible they will travel to a match but not be selected to play for that particular game. It is not a reflection of ability or favouritism; it will simply be the players on the day that can get the result we need. By signing the code of conduct you are acknowledging you understand this policy and are prepared to accept it.

**Best of luck for the upcoming season!!**
